

AUDIOLOGICAL SERVICES IN QUEENSLAND

This information is produced in the public interest by Audiology Australia Ltd., and is intended as a guide for those seeking the professional services of an Audiologist. To make sure that you are seeing a qualified Audiologist, ask if they are a member of Audiology Australia and check in their clinic for their Membership Certificate and their Certificate of Clinical Practice, both of which should be current. The clinics listed in these directories employ members of Audiology Australia Ltd.

Audiologists specialise in the assessment, prevention and non-medical management of hearing and non-medical management of hearing impairment and associated disorders of communication. Audiologists are University Graduates who have extensive specialist training at post-graduate level.

The range of services provided, eligibility, referral requirements and costs will vary between the locations listed in this guide, so that prior telephone enquiry is advised. When enquiring, ask if you will be seeing an Audiologist and if your Audiologist is a current Full & Clinically Certified member of the ASA.
