(Category 2.1- CPD1718 123)**

Advanced Bionics is pleased to offer a one day introductory workshop on cochlear implant solutions. The workshop will provide fundamental knowledge on binaural cochlear implant solutions, adult and paediatric rehabilitation, as well as cochlear implant sound processing strategies. Attendees will also participate in programming activities to build the necessary skills required for initial stimulation and troubleshooting appointments.

Please register at CustomerService.au@AdvancedBionics.com. Spaces are limited.

Attendees should have:

- A current role or upcoming role within a cochlear implant centre
- Experience with cochlear implant fittings
