

# Making Contemporary Clinical Audiological Decisions: Teams, Technologies and Timing

16 – 17 March 2018  
St Vincent's Hospital  
Darlinghurst  
Sydney NSW

**12.25 CPD points endorsed  
by Audiology Australia  
(Cat 1: 10.25 pts; Cat 2: 2 pts)**

## Rethinking Clinical Audiology

Are you INTERESTED in new models of care that are suitable for a lifelong journey that might include implantable hearing technologies?

Do you NEED to know *how* and *when* to start discussing implantable hearing technologies with your patients?

Do you WANT to offer audiological services to *your patients* that includes implant care?

How SHOULD you communicate with *other healthcare professionals* to achieve optimal outcomes for our patients?

What role CAN you play before, during and after implant surgery?

**Early bird registrations  
close on 31 December 2017**

**All registrations close on  
28 February 2017**

**IAA Members & Invited Guests**  
Early Bird \$495  
Full Fee: \$650

**Not an IAA Member?**  
Early Bird \$690  
Full Fee \$790
